

## Welsh Target Shooting Federation

### Safeguarding Adults Policy

#### 1 Introduction

Welsh Target Shooting Federation is committed to creating and maintaining a safe and positive environment and accepts our responsibility to safeguard the welfare of all adults involved in shooting in accordance with the Care Act 2014.

Welsh Target Shooting Federation Safeguarding Adults policy and procedures apply to all individuals involved in shooting.

Welsh Target Shooting Federation will encourage partner organisations, including member National Governing Bodies, suppliers, sponsors and customers, to adopt and demonstrate their commitment to the principles and practice of equality as set out in this Equality Policy.

#### 2 Principles

2.1 The guidance given in the Policy is based on the following principles:

2.1.1 All adults<sup>1</sup>, regardless of age, ability or disability, gender, race, religion, ethnic origin, sexual orientation, marital or transgender status have the right to be protected from abuse and poor practice and to participate in an enjoyable and safe environment.

2.1.2 Welsh Target Shooting Federation will seek to ensure that our sport is inclusive and make reasonable adjustments for any ability, disability or impairment, we will also commit to continuous development, monitoring and review.

2.1.3 The rights, dignity and worth of all adults will always be respected.

2.1.4 We recognise that ability and disability can change over time, such that some adults may be additionally vulnerable to abuse, for example those who have a dependency on others or have different communication needs.

2.1.5 We recognise that a disabled adult may or may not identify themselves or be identified as an adult 'at risk'<sup>2</sup>.

2.1.6 We all have a shared responsibility to ensure the safety and well being of all adults and will act appropriately and report concerns whether these concerns arise within shooting (e.g. inappropriate behaviour of a coach) or outside (e.g. in the wider community).

2.1.7 All allegations will be taken seriously and responded to quickly in line with Welsh Target Shooting Federation Safeguarding Adults Policy and Procedures.

2.1.8 Welsh Target Shooting Federation recognises the role and responsibilities of the statutory agencies in safeguarding adults and is committed to complying with the procedures of the Local Safeguarding **Adults Boards 3.**

2.1.9 Welsh Target Shooting Federation Safeguarding Adults Policy and Procedures are mandatory. Noting the remit of Welsh Target Shooting Federation and its jurisdiction, Welsh Target Shooting Federation encourages its National Governing Bodies (NGBs) to adopt a similar policy.

2.2 Safeguarding duties apply to an adult who: · Has needs for care and support (whether or not the local authority is meeting any of those needs) and;

1 An adult is anyone aged 18 years or over

2 For definition of 'At Risk' see section 4 definitions.

3 The Local Safeguarding Adults Board (LSAB) brings together local statutory and independent sector agencies working with vulnerable adults at risk of abuse. The LSAB is responsible for ensuring the Multi-Agency Safeguarding Adults Policy and Procedures are effective and prevent adults from experiencing significant harm.

4 · Is experiencing, or at risk of, abuse or neglect; and; · As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of, abuse or neglect

### 3 Guidance and Legislation

3.1 The practices and procedures within this policy are based on the principles contained within the UK and International legislation and Government Guidance and have been developed to complement the Safeguarding Adults Boards policy & procedures, and take the following into consideration:

- The Data Protection Act 1994 and 1998
- The Human Rights Act 1998
- The Care Act 2014
- The Safeguarding Vulnerable Groups Act 2006
- The Equality Act 2010
- The Protection of Freedoms Act 2012
- Sexual Offences Act 2003
- Mental Capacity Act 2005
- Domestic Violence, Crime and Victims (Amendment ) Act 2012

### 4 Definitions

4.1 To assist working through and understanding this Policy a number of key definitions need to be explained:

4.1.1 Adult or Vulnerable Adult or Adult at Risk?

In recent years there has been a marked shift away from using the term 'vulnerable' to describe adults potentially at risk from harm or abuse. Vulnerable is believed to be a disempowering term. To describe the adults who we are referring to in this document, we will use the definition from the Safeguarding Adults in Sport Steering Group (2013):

*'When we are speaking about adults at risk we are referring to those who have health or social care needs (irrespective of whether or not those needs are being met by social services) and who are unable to safeguard themselves as a result.*

*While we recognise that some people will be vulnerable due to their learning disability or mental health needs there are also those adults who are at risk due to a specific circumstance they may find themselves in, for example: domestic abuse; forced marriage; and sexual or commercial exploitation (this is not an exhaustive list).'*

In sport this may look like but is not limited to:

- a player being sent threatening and sexually explicit text messages from their coach;
- a member of a learning disabled sports club being exploited by another member who regularly takes money from them at lunch.

Adults at Risk

- The Care Act (2014) replaces 'No Secrets (2000) definition of 'Vulnerable Adult'
- Explicitly applies to those aged over 18 even if they may be receiving what may be thought of as a "children" or "young people's" service
- Care and Support Needs:
  - “The adult’s needs arise from or are related to a physical or mental impairment or illness. Local authorities must consider at this stage if the adult has a condition as a result of either physical, mental, sensory, learning or cognitive disabilities or illnesses, substance misuse or brain injury...a formal diagnosis of the condition should not be required”. (Care Act statutory guidance)
- Includes carers

4.1.2 Abuse is a violation of an individual’s human and civil rights by another person or persons. See section 5 for further explanations.

4.1.3 Adult is anyone aged 18 or over.

4.1.4 At risk is a term which has become broadly accepted to mean that someone may be more vulnerable to abuse than someone else. For example an adult with a learning disability may well be more at risk of financial abuse as they may struggle with managing their finances, this could leave them at risk from an unscrupulous person.

4.1.5 Capacity refers to the ability to make a decision at a particular time, for example when under considerable stress. The starting assumption must always be that a person has the capacity to make a decision unless it can be established that they lack capacity.

## 5 Types of Abuse

5.1 Self-neglect - this covers a wide range of behaviour: neglecting to care for one’s personal hygiene, health or surroundings and includes behaviour such as hoarding.

5.2 Modern Slavery – encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

5.3 Domestic Abuse – including psychological, physical, sexual, financial, emotional abuse.

5.4 Discriminatory – discrimination is abuse which centres on a difference or perceived difference particularly with respect to race, gender or disability or any of the protected characteristics of the Equality Act. Research tells us that bullying of vulnerable groups can be an issue in sport. In a shooting setting this could be the harassing of an individual because they are or are perceived to be **transgender**<sup>4</sup>

5.6 Organisational Abuse – including neglect and poor care practice within an institution or specific care setting such as a hospital or care home, for example, or in relation to care provided in one's own home. This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation. In a shooting setting, this could be training without a necessary break.

5.7 Physical Abuse – includes hitting, slapping, pushing, kicking, misuse of medication, restraint or inappropriate sanctions. In a shooting setting, this could be a coach intentionally striking an athlete.

5.8 Sexual Abuse – including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting. In a shooting setting, this could be a fellow athlete who sends sexually explicit text messages to an adult they are training alongside.

5.9 Financial or Material Abuse – including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits. In a shooting setting, this could be someone taking equipment from another athlete.

5.10 Neglect – including ignoring medical or physical care needs, failure to provide access to appropriate health social care or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and hearing. In a shooting setting, this could be a coach not ensuring athletes have access to water.

5.11 Emotional or Psychological Abuse – this includes threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, isolation or withdrawal from services or supportive networks.

**4 British Shooting has a separate Policy for people who are transgender and wish to compete competitively. See [www.britishshooting.org.uk/policies](http://www.britishshooting.org.uk/policies) In a shooting setting, this could be**

an athlete threatening another athlete with physical harm and persistently blaming them for poor performance.

5.12 Cyber Bullying – cyberbullying occurs when someone repeatedly makes fun of another person online or repeatedly picks on another person through emails or text messages, or uses online forums with the intention of harming, damaging, humiliating or isolating another person. It can be used to carry out many different types of bullying (such as racist bullying, homophobic bullying, or bullying related to special educational needs and disabilities) but instead of the perpetrator carrying out the bullying face-to-face, they use technology as a means to do it. See section 12.

## **6 Signs and Indicators of Abuse**

6.1 Abuse can take place in any context and by all manner of perpetrator. There are many signs and indicators that may suggest someone is being abused, these include but are not limited to:

6.1.1 Unexplained bruises or injuries – or lack of medical attention when an injury is present.

6.1.2 Person has belongings or money going missing 6.1.3 Person is not attending / no longer enjoying their shooting sessions

6.1.4 Someone losing or gaining weight / an unkempt appearance

6.1.5 A change in the behaviour or confidence of a person.

6.1.6 They may self-harm.

6.1.7 They may have a fear of a particular group or individual

6.1.8 They may tell you / another person they are being abused – i.e. a disclosure.

## **7 What to do if you have a concern or someone raises concerns with you.**

7.1 You may become aware that abuse or poor practice is taking place, suspect abuse or poor practice may be occurring or be told about something that may be abuse or poor practice and you must report this to the Welsh Target Shooting Federation Safeguarding Officer (SO), or, if the SO is implicated then report to the Welsh Target Shooting Federation CEO or the Deputy SO.

## **8 How to Record a Disclosure**

8.1 Make a note of what the person has said using his or her own words as soon as practicable and complete an Incident Form, submit to the Welsh Target Shooting Federation SO.

8.2 Describe the circumstances in which the disclosure came about.

8.3 Take care to distinguish between fact, observation, allegation and opinion. It is important that the information you have is accurate.

8.4 Be mindful of the need to be confidential at all times, this information must only be shared with your SO or their substitute and others on a need to know basis. · Consent must be obtained from the person affected. · Information can also be shared without consent where the 'vital interests' of the individual are affected (and he or she cannot give consent or consent cannot reasonably be obtained); or where there is a legal duty. · Liaise with the family/carers, providing they are not implicated and the person consents.

8.5 Share your concern either verbally or in writing with the SO or their substitute.

8.6 If the matter is urgent and relates to the immediate safety of an adult at risk then contact the police immediately.

## 10 Good Practice, Poor Practice and Abuse Introduction

It can be difficult to distinguish poor practice from abuse, whether intentional or accidental.

It is not the responsibility of any individual involved in shooting to make judgements regarding whether or not abuse is taking place, however, all Welsh Target Shooting Federation personnel have the responsibility to recognise and identify poor practice and potential abuse, and act on this if they have concerns.

### 10.1 Good practice

Welsh Target Shooting Federation strongly advises that coaches of adult athletes:

- Fully accept Welsh Target Shooting Federations Coaches Codes of Conduct.
- Have completed a course in basic awareness in working with Adults at Risk.

Everyone should:

- Aim to make the experience of shooting fun and enjoyable.
- Promote fairness and playing by the rules.
- Not tolerate the use of prohibited or illegal substances.
- Treat all adults at risk equally and preserve their dignity; this includes giving more and less talented members of a group similar attention, time and respect. Coaches and those working directly with adults at risk should:
  - Respect the developmental stage of each athlete and not risk sacrificing their welfare in a desire for team or personal achievement.
  - Ensure that the training intensity is appropriate to the physical, social and emotional stage of the development of the athlete.
  - Work with adults at risk, medical advisers and their carers (where appropriate) to develop realistic training and competition schedules which are suited to the needs and lifestyle of the athlete, not the ambitions of others such as coaches, team members, parents or carers.
  - Build relationships based on mutual trust and respect, encouraging adults at risk to take responsibility for their own development and decision-making
  - Always be publicly open when working with adults at risk: - avoid coaching sessions or meetings where a coach and an individual athlete are completely unobserved. · Maintain an appropriate and open environment.

- Avoid unnecessary physical contact with young people and adults. Physical contact (touching) can be appropriate so long as:
  - it is neither intrusive nor disturbing
  - the athlete's permission has been openly given
  - it is delivered in an open environment
- Maintain a safe and appropriate relationship with athletes and avoid forming intimate relationships with athletes you are working with as this may threaten the position of trust and respect present between athlete and coach.
- Be an excellent role model by maintaining appropriate standards of behaviour.
- Gain the adult at risk consent and, where appropriate, the consent of relevant carers, in writing, to administer emergency first aid or other medical treatment if the need arises.
- Be aware of medical conditions, disabilities, existing injuries and medicines being taken and keep written records of any injury or accident that occurs, together with details of treatments provided.
- Arrange that someone with current knowledge of emergency first aid is available at all times.
- Gain written consent from the correct people and fill out relevant checklists and information forms for travel arrangements and trips. This should be the adult themselves if they have capacity to do so.

## 10.2 Poor practice

The following are regarded as poor practice and should be avoided:

- Spending excessive amounts of time alone with an adult at risk.
- Engaging in rough, physical or sexually provocative games, including horseplay.
- Allowing or engaging in inappropriate touching of any form.
- Using language that might be regarded as inappropriate by the adult at risk and which may be hurtful or disrespectful.
- Making sexually suggestive comments, even in jest.
- Reducing an adult at risk to tears as a form of control.
- Letting allegations made by an adult at risk go uninvestigated, unrecorded, or not acted upon.
- Taking an adult at risk alone in a car on journeys, however short.
- Inviting or taking an adult at risk to your home or office where they will be alone with you.
- Sharing a room with an adult at risk.

Note: At times it may be impractical to avoid some of these particular examples of poor practice. In this case, to protect both the adult at risk and yourself, seek written consent from the adult at risk and, where appropriate, their carers and ensure that the SO of your organisation is aware of the situation and gives their approval.

If, during your care, you accidentally injure an adult at risk, they seem distressed in any manner, appear to be sexually aroused by your actions, or misunderstand/misinterpret something you have done, report these incidents as soon as possible to Equality Officer, CEO, or the Head Coach and make a brief written note of it. It may also be in the best interests of the adult at risk to discuss the matter with them openly and in a professional

and sensitive manner that will avoid embarrassment; this is dependent on the individual athlete and the circumstances.
