WTSF Taking Teams Away Policy & Procedures

1 Introduction

- 1.1 An important part of developing the WTSF Performance Programme Athletes is to offer suitable training and competition opportunities, and this necessitates taking teams away both to destinations within the UK and abroad.
- 1.2 The WTSF allocates an annual budget for such trips for High Performance Athletes and may have some funding available on request for Performance Potential Athletes. There may also be opportunities for Development Athletes to join these trips on a self-funding basis.

2 Annual Programme of Trips Away

- 2.1 The WTSF Performance Director will maintain a national and international Calendar of Events and will identify appropriate competition and/or training opportunities across the year.
- 2.2 The PD will ensure that WTSF High Performance Athletes from each target shooting discipline get the opportunity to attend several European and World Class events over the course of a year.
- 2.3 The PD will also ensure that WTSF Performance Programme athletes from each target shooting discipline get the opportunity of at least one organised trip away each year, planned well in advance.
- 2.4 The PD will aim for parity in the opportunities offered across the target shooting disciplines.
- 2.5 All athletes who wish to participate within the “Taking Team Away” programme and compete at overseas events, are strongly advised to ensure that they have an appropriate personal travel insurance policy in place.

3 Under 18s

- 3.1 Where possible the WTSF asks that any Performance Programme Athlete below the age of 18 be accompanied on any trip away by either a parent or a legal guardian who will remain responsible for their care, for the duration of the trip and whose attendance must be self-funded.

- 3.2 It may be possible for the athlete to attend the event under the care of the Team Leader, providing all necessary permissions and conditions have been established and satisfied. It should be noted that this process will constitute an exception rather than the norm and may not be possible in all circumstances. Criterion that must be established for this process to be approved:
- 3.1.1 All permission documents and consent forms must be signed off by the Athlete (CoC), the athlete's legal parent/guardian, the Team Leader and the PD. The Team Leader will formally take on the responsibility of "in loco parentis". **(see WTSF Safeguarding Child Protection Policy, Procedures and Guidance for consent forms).**
 - 3.1.2 An appropriate personal travel insurance policy, must be in place as a pre-condition to enable athletes under the age of 18 years to travel to overseas events under the care of the Team Leader.
- 3.2 The overall accountability for Taking Teams Away lies with the WTSF Performance Director and cannot be delegated. In the event of the PD not being in attendance, the PD must appoint a responsible Team Leader to fulfil the role and ensure that all aspects of this policy are satisfied. **(see Team Leader Role Description).**

4 Staffing Levels

- 4.1 Possible different staffing scenarios:
- 4.1.1 Up to 6 athletes, all aged 18 or over – Team Leader who also facilitates the role of Discipline Coach
 - 4.1.2 Up to 6 athletes, of whom up to 2 are below 18 – Team Leader and a separate Discipline Coach (the gender of staff attending should ideally reflect the make-up of the team).
 - 4.1.3 Between 6 and 10 athletes, all aged 18 or over – Team Leader and a separate Discipline Coach. (the gender of staff attending should ideally reflect the make-up of the team).
 - 4.1.4 Between 6 and 10 athletes, of whom up to 3 are below 18 – Team Leader and 2 Discipline Coaches (the gender of staff attending should ideally reflect the make-up of the team).
 - 4.1.5 Commonwealth Games Teams will be subject to separate procedures and accreditation availability.
- 4.2 When the WTSF Performance Director is in attendance for the duration of a specified event, the PD will assume the role of Team Leader.

- 4.3 Adjusting these standard ratios may be done only in exceptional circumstances, following a detailed consideration and consequential permission being granted by the Performance Director.
